## Support local breast cancer programs

Nationally, one out of eight women will hear the words “you have breast cancer” at some point in their lifetime. Last year, roughly one-third of the women in Wisconsin who were newly diagnosed with breast cancer chose Aurora Cancer Care for their care. For more than a decade, Pink Possible has raised breast cancer awareness in our communities while engaging local businesses to raise funds to strengthen local Aurora Cancer Care breast cancer programs.

Together, we raised more than \$64,000 in 2018 to support breast cancer patient education, prevention, patient experience, research and survivorship programming across eastern Wisconsin.

You can help us expand behavioral health services in our community!

The concerns around COVID-19 continue, and organizations across the globe are taking proactive measures out of an abundance of caution. As a health care organization, we have a responsibility to our patients, communities and team members to help stem the spread of the virus. **Because of this, we will be canceled Benefit Ball scheduled for May 2.**

While we are not able to meet in person, we know supporting Aurora Behavioral Health Services and our local clinic's commitment to mental health and recovery is important to you. We hope you will consider making your ticket or sponsorship purchase into a full donation and make an even bigger impact on those we are privileged to serve.

**Please contact Jolene Halvorsen at [Jolene.Halvorsen@ahf.org](mailto:Jolene.Halvorsen@ahf.org) to let us know if you would like to make your ticket purchase into a tax-deductible donation or receive a refund.**

We will continue to assess the situation and look into the possibility of rescheduling the event at a future date. We will continue to keep you updated.

For more information about COVID-19, how to protect yourself and links to the latest news articles from our physicians, visit [ahf.org/coronavirus](http://ahf.org/coronavirus).

Thank you for your understanding.

# Start a Fundraiser

By working together, we can transform health care to create a stronger community where we can all live well.

Community fundraising is an excellent way for individuals to come together to support a cause that will impact countless lives. Giving back can take on many forms, including golf outings, walks/runs, dunk tanks, etc. A fundraising event can be done with family, friends, or coworkers, but they all have one thing in common: each involves careful planning.

At Aurora Health Care Foundation, our caregivers work directly with you to offer assistance as you host a community fundraising event or project. Our goal is to make it as easy as possible for you to be successful.

When you're ready, complete the Community Event Proposal Form in the downloadable tool kit below, and return it to one of our community fundraising contacts listed in the booklet. The tool includes ideas, tips and contact information to help you get started!

**Thanks to employees at Quarles & Brady, LLC for hosting and participating in fundraisers that support Aurora Health Care Foundation.**
